

Just the Facts . . .

If we lived in a perfect world, and tuition did **NOT** increase at all colleges and universities in Nebraska for the next four years, what would be the cost to complete a bachelor's degree?

Public Colleges **\$19,280 - \$29,000**

Private Colleges **\$84,160 - \$112,952**

NOTE: These figures represent tuition and fees **ONLY**. Room and board and/or commuting costs are **NOT** included..

The Central Community College / Doane Grand Island 2 + 2 program:

66 credits completed through Central Community College = \$ 5, 082

66 credits completed through Doane College Grand Island = \$ 14,322

Total tuition and fees cost for the bachelor's degree = **\$ 19, 404**

If a student is eligible for a full Pell Grant all four years, using the maximum award amount for 2009-2010, over four years the student would receive **\$ 21,400**.
