DOANE COLLEGE

2010-2011 PLUS Loan Request

To request a Federal Direct PLUS loan for the 2010-11 academic year, complete this form and return it to the Doane College financial aid office.

The parent whose name and Social Security Number are provided on this request form must be the PLUS borrower and use his/her U.S. Department of Education PIN to complete and sign an electronic Master Promissory Note (MPN). This is the same number used to electronically sign the FAFSA form. Parents may obtain a PIN or a copy of their PIN at www.pin.ed.gov.

Once you have completed the PLUS loan request form, the MPN needs to be completed with the U.S. Department of Education. The MPN website is: www.StudentLoans.gov.

If you have already borrowed a Federal PLUS loan from the U.S. Department of Education for your student, you will not need to complete a new loan application but you will need to initiate a credit check and PLUS renewal process on the U.S. Department's website.
