Access/Services for Students with Disabilities

The Rehabilitation Act of 1973 (section 504) and the Americans with Disabilities Act (ADA) provide that “no otherwise qualified disabled individual in the United States...shall, solely on the basis of disability, be denied access to, or the benefits of, or be subjected to discrimination under any program or activity provided by any institution receiving federal financial assistance.” This regulation requires that Doane programs be accessible to the disabled, but it does not require that every building or part of a building be accessible. Thus it may be necessary to reschedule classes to accessible classrooms or take other steps to open some of the programs to students with mobility impairments.

1. Students interested in services related to a disability should notify the college of any special circumstances that would affect their ability to compete equally in the college environment. To assist the college in providing services, documentation of such disabilities must be provided by qualified professionals upon request.
2. While students are encouraged to self-identify at the earliest possible time, they can access services at any time by initiating the process described in number one above.
3. To initiate this process, students are encouraged to contact the Dean of Undergraduate Studies before beginning classes so their needs can be anticipated, reviewed and accommodated.

Title IX Policy Statement

It is the policy of Doane College not to discriminate on the basis of gender in its educational programs, activities or employment policies as required by Title IX of the 1972 Education Amendments.

Access to College Records

Doane College abides by a written policy concerning access to college records which complies fully with the Family Rights and Privacy Act (FERPA) of 1974. The college provides student access, according to the stipulations of this law, to records on file in the following offices: Registrar, Business, Student Leadership, Health Center, Career Development, Teacher Placement, and the Lincoln Campus and Grand Island Campus Administration Offices.

Under the provisions of FERPA, students have the right to withhold the disclosure of any or all of the categories considered "Directory Information."

Drug Free Policy

The program prohibits smoking inside the classrooms or in the building. In compliance with the Drug Free Schools and Communities Act of 1986, as amended in 1989, the program explicitly prohibits unlawful possession, use, or distribution of illicit drugs and/or alcohol by students or employees on the premises or as part of any of its activities. Beverage alcohol may only be used in conjunction with specifically authorized functions by those of legal drinking age. Beverage alcohol may not be consumed on the premises under any other conditions.

There are applicable legal sanctions in Nebraska for unlawful possession or distribution of illicit drugs and alcohol.
