Information Systems Management

The Information Systems Management major prepares an individual for a career within the information systems component of an organization. An individual who completes this major will have the knowledge, skills, and experience to design, implement, and manage information systems and coordinate the communication function of information technology among the various components of the enterprise. This education is accomplished through the integration of coursework drawn from a variety of disciplines, including business, information science and technology, and communication.

Basic Skills

The level of teaching and learning for the Information Systems Management major requires that students have certain basic skills before beginning coursework for the major. All students must demonstrate basic competencies in each of the following areas before enrolling in any ISM prefixed course: word processing, spreadsheets, database, and information retrieval skills. Competency may be demonstrated by the successful completion of introductory level coursework in the areas, by successful completion of tests in the areas, or by the award of credit through portfolio.

Requirements for the Information Systems Management Major:

1. Complete the following courses: Information Systems Management 101, 102, 215, 253, 315, 316, 342, 409, 496.
2. Complete the following cognates:
 - a. Business 215, 242, 354
 - b. Economics 203 or 204
 - c. Interdisciplinary Studies 206
 - d. Philosophy-Religion 231
 - e. Speech Communication 220, 301, 316
3. Complete four additional approved courses chosen from the areas of information science and technology or related field. The four courses must represent a minimum of 10 semester credits.

Liberal Arts Studies

This degree program is specifically designed for nontraditional students who seek a bachelor's degree for career advancement and personal growth.
