

370 Psychology of Health Care (2)

A course to increase awareness, knowledge and skills with regard to psychological aspects of physical illness. It focuses on the psychological needs and dynamics of the physically ill, and on health care providers. *Prerequisite: One course in psychology or equivalent.*

416 Abnormal Psychology (3)

Inquiry into abnormal behavior, its categories, causes, and treatments. *Prerequisite: Two courses in psychology or permission.*

Public Administration (PAD)

496 Senior Seminar for Public Administration (3)

With the guidance of a faculty member, students will develop a research or experiential project which will demonstrate the knowledge and skills expected upon completion of the major. Satisfactory completion of this project, including a written and oral presentation, will demonstrate a solid understanding of the major as well as the confidence and skills to work with existing and emerging aspects of the professional field, to do independent research and effective problem solving, and to communicate effectively. *Prerequisite: Interdisciplinary Studies 206, senior standing, and permission.*

Social Science (SSI)

217 Applied Statistics for Social Science (3)

An introduction to descriptive and inferential statistics. Areas of study include data collection and organization, measures of central tendency and variability, percentiles, probability, binomial and normal distributions, correlation, t-tests, analysis of variance, and non-parametric statistics. Application is oriented toward the social sciences.

Sociology (SOC)

109 Introduction to Sociology (3)

An introduction to the systematic study of society in terms of social organization, processes, institutions, and relationships among individuals and groups.

308 Cultural Anthropology (3)

An anthropological investigation of the meaning, content, and acquisition of the ways of thinking, doing and behaving as individuals in society. **This course fulfills the Cultural Perspectives requirement of the Doane Plan.** *(Cross-referenced with Anthropology 308.)*

314 Criminal Law and Procedure (3)

An overview of the law which governs the United States criminal justice system, including policy procedures, criminal offenses, common law crimes and criminal defenses. *Prerequisite: Sophomore standing.*
