COURSE OBJECTIVE: Advanced Accounting II focuses on concepts and methods of analysis applicable to accounting for partnerships and the major types of not-for-profit organizations: governmental units, hospitals and other health care providers, colleges and universities, and voluntary health and welfare organizations. Other advanced accounting topics are also covered (SEC reporting, and segment and interim reporting). Upon completion of this course, the student will recognized the ethical implications and understand the precise accounting terminology and rules and procedures related to partnerships and not-for-organizations, as well as in the other advanced accounting topic areas discussed.
