COURSE DESCRIPTION:
This course will be an introduction to the following software: Photoshop CS2, Illustrator CS2, InDesign CS2, Image Ready CS2, and Dreamweaver 8. Students will complete various projects in each piece of software.

Prerequisite: Basic computer knowledge

TEXT:
None
Note: There is not a single text that covers all the various software used in this class. Therefore, students will be sent all instructions as well as step-by-step tutorials for all of the assignments given.

COURSE OBJECTIVES:
Upon satisfactory completion of this course, students will be able to use the above-mentioned software to:

1. Edit images in Photoshop
2. Use Photoshop for basic layout
3. Use Illustrator to create a logo
4. Export logo from Illustrator for layout
5. Use InDesign for newsletter style layout
6. Use ImageReady to create basic web animation
7. Use Dreamweaver to set up and publish a basic web site

ATTENDANCE:
Attendance does not apply as this is an online course, however, students will be expected to turn in all assignments by the individual due dates given.
