Cost of Plan Services

There are three categories of services provided to your plan:

1. **General Administrative Services.** These are required to operate the plan as a whole and you share in the cost of these services.

2. **Specific Investment Services.** These are associated with each plan investment offered within your plan. You pay the cost associated with only those investments that you actually use.

Your Statement of Plan Services and Costs

3. **Personalized Services.** These are services that you specifically request and you pay for directly if and when you use them.

General Administrative Services

General administrative services consist of recordkeeping, regulatory compliance and other required services. These costs are allocated to each participant in a uniform way.

Your plan has no administrative expenses paid to TIAA-CREF.

Specific Investment Services

Each investment offered within the plan charges a fee for managing the investment and for associated services. This is referred to as the expense ratio and is paid by all participants in that investment in proportion to the amount of their investment. The specific expense ratio for each plan designated investment is available online at www.tiaa-cref.org/planinvestmentoptions, enter your plan ID, 334063, and you'll be directed to plan and investment information.

Personalized Services

Personalized services provide access to a number of plan features and investments that you pay for, only if you use them. The personalized services used most often are:

• Retirement Plan Loan	The cost to you based upon the difference between what you earn on collateral and what you pay in interest
• Qualified domestic relations orders	No Charge
• Sales charge for certain investments	None
• Purchase, Withdrawal, and Redemption fees for certain investments	Varies see prospectus

A prospectus for each TIAA-CREF investment offered within the plan is available online at www.tiaa-cref.org/planinvestmentoptions, enter your plan ID, 334063, and you'll be directed to plan and investment information.

Mutual funds are offered through your plan sponsor's retirement plan. Funds are offered at that day's net asset value (NAV), and the performance is displayed accordingly. Performance at NAV does not reflect sales charges, which are waived through your pension plan. If included, the sales charges would have reduced the performance as quoted.

There are inherent risks in investing in mutual funds including loss of principal.

Please read the prospectus and carefully consider the investment objectives, risks, charges and expenses before investing.
