

Center for Excellence in Teaching & Learning

Active Learning in Multiple Modalities

Faculty Workshop, July 27th

Outline for Today

1. Zoom Pro Tips
2. Small Group Discussion: What went well last spring? What have you learned that you are going to try this fall/autumn?
3. Concept Mapping Activity Jamboard
4. Polling Activity
5. Fishbowl: Zoom & Socially Distanced Activities
6. Asynchronous Activities & Tools

Resources:

Welcome / Zoom Pro Tips

- Enable Polling
- Auto-saving chats (especially if Backchanneling) - easy to search by date
- Disable private chats
- Rename feature
- Other tips?

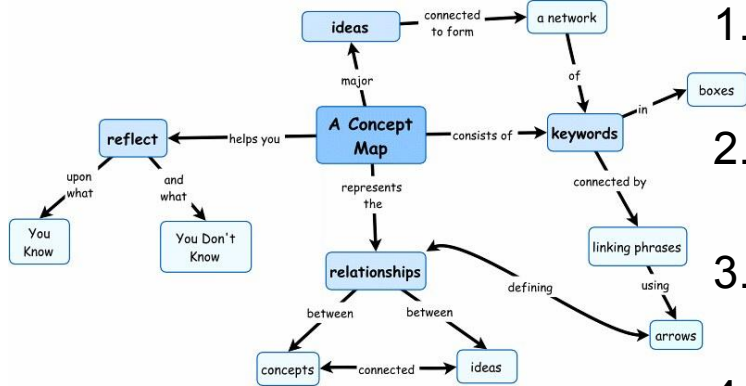

Small Group Discussion

What was something that went well in the spring with remote learning?

What is one thing you have learned that you are planning on trying this fall?

Concept Mapping Activity (using Google Jamboard)

1. What are some active learning strategies you have used? List them.
2. What ways have you generated student engagement in your classes?
3. What assessment techniques have you used (or plan to use)?
4. Build a Concept Map with your brainstormed lists from #1-3 and the following terms
 - a. Face to Face (F2F)
 - b. Remote Synchronous
 - c. Remote Asynchronous

Polling Activity

Respond to the following on the zoom poll:

- Which of the following activities have you used F2F? (Think-pair-share, Small group discussion, Polling, Jigsaw, Gallery walk, Fishbowl, Entry/Exit tickets, Concept map, Peer review, Pro/cons list)
- Which of the following activities have you used via Zoom?
- In regards to socially distanced classrooms, what are you most concerned with?
- Which best describes your comfort level in terms of teaching in this unique environment?

Setting up a poll:

1. Make sure polling is enabled in your settings
2. Log in to doane.zoom.us and select the meeting you want to add the poll (or schedule a new meeting).
3. Scroll to bottom and find the “You have not created any polls yet” and select ADD.
4. Cut & Paste is a bit cumbersome, so we encourage you to do beforehand instead of “on the fly”.

Fishbowl Activity 1:

1. For those IN THE FISHBOWL: What are pro/cons of using Zoom?
2. For those OUT of the Fishbowl: Use the chat function to do any of the following:
 - a. Respond to the comments you hear (emphasize/like/emoji/etc.)
 - b. Share a personal experience that is mentioned in the pro/con discussion
 - c. Share a resource/tip to help address any of the cons mentioned

Fishbowl Activity 2: Socially-distanced Classrooms

1. For those IN THE FISHBOWL: What activities are you planning for your socially-distanced classroom? What concerns do you have with adjusting your instruction to the socially-distanced classroom?
2. For those OUT of the Fishbowl: Use the google doc in the chat to take notes on the discussion. Document the activities shared as well as the concerns raised.

Socially Distanced Activities

- Gallery Walk
- Post-Its
- Digital Tools (Google docs, Google Slides, Jamboard, etc.)

Remote Asynchronous Activities

1. Take each remote synchronous activity we modeled and discuss how to modify it so it is an asynchronous activity
 - a. Small Group Discussion: What went well in the spring? What are you trying in the fall?
 - b. Concept Mapping Activity:
 - c. Fishbowl Activities: Pro/Cons of Zoom ; Activities/concerns over socially-distanced classrooms;
2. What tool(s) would use to carry this out? (Be specific)

Additional Asynchronous Tools Within Canvas

- Groups
- Google Collaboration
- Discussions

Closing Activity: Whatever you are doing is enough.

Consider where we were at in March and how much you have learned and how your teaching has adapted to the environment we are currently in.

We know you are going to feel overwhelmed at times, so what can you do to limit that feeling of helplessness in your teaching? What things are you doing (or plan to do) to maintain your work/life balance?

Questions?

Thursday July 30, 2020, 2-3:30pm

Face-to-Face (f2f) Classroom Logistics
