

Leaving Campus for more than 24 hours? Where should you park?

*Frequently the campus has construction projects, road work and (coming sooner than you think) snow removal projects that require community members to move vehicles. This can't be accomplished if drivers have left campus for more than 24 hours and parked in miscellaneous locations. If you are leaving campus for more than 24 hours, the following parking lots are the only approved "long term" locations. **Warning: In the event the campus has a project in any other area and your vehicle can't be moved within 24 hour notice, you run the risk of having your vehicle towed at your cost. Please help us avoid this!!***

Approved parking locations when leaving campus for more than 24 hours:

- Den Parking Lot
- Far South Hansen Hall Parking Lot
