

# Teacher Warranty

Doane University is pleased to present to you the credentials of a Doane graduate who carries a full warrant for his/her teaching skills. This warrant is a special program which guarantees this graduate's teaching ability. It also means that Doane will spend considerable time and money during that graduate's first year of teaching to provide a support system which will include visitations of the graduate by Doane faculty members. Our experience with this very special program has demonstrated that Doane graduates do not experience many of the problems that often plague first-year teachers. If any situation does develop that requires remediation, Doane will provide free in-service help to the graduate to rectify the problem.

Thank you for considering our Doane graduate for this position. If you have any questions, please do not hesitate to call the Education Faculty at Doane for additional information
